Thoracic
Society

PRELIMINARY PROGRAM, edition Tuesday, April 9, 2019

WEDNESDAY MAY 8TH

14:00 – 15:30

SESSIONS

Session A: Congress hall Elafiti 3 - 4

A Personalized diagnostics for advanced treatment of lung cancer

Chairs: Christophe Doms (Belgium), Luigi de Petris (Sweden)

1. Markers and therapeutic options - Christophe Doms (University Hospital Leuven, Belgium)
2. Immunotherapy - Luigi de Petris (Karolinska Institutet, Sweden)
3. Liquid biopsy or rebiopsy - Izidor Kern (University Clinic Golnik, Slovenia)

Session B: Congress hall Elafiti 2

B Rational use of medications in bronchoscopy

Chairs: Mohammed Munavvar (United Kingdom), Levent Dalar (Turkey)

1. Blood thinners in bronchoscopy - Atul C. Mehta (Cleveland Clinic, USA)
2. Sedation in bronchoscopy - Levent Dalar (Istanbul Bilim University, Turkey)
3. Medication for high risk-patients – Prashant N. Chhajed (Institute of Pulmonology, India)

15:30 – 16:00

COFFEE BREAK

16:00 – 17:30	SESSIONS
	Session A: Congress hall Elafiti 3 - 4
	<p>A Changing face of lung cancer - How to manage? Chairs: Ales Rozman (Slovenia), Grigoris Stratakos (Greece)</p>
	<ol style="list-style-type: none"> 1. Lung cancer in smokers and nonsmokers - Different treatment? – Bojan Zaric (Institute for Pulmonary Diseases of Vojvodina, Serbia) 2. Screening trials - Do we have the last word yet? – Philippos Emmanouil (Mediterraneo Hospital, Greece) 3. What after screening? – Nikos Koufos (National and Kapodistrian University of Athens, Greece)
	Session B: Congress hall Elafiti 2
	<p>B Interventional bronchoscopy and surgery in thoracic tuberculosis Chairs: Prashant Chhajer (India), Spasoje Popevic (Serbia)</p>
	<ol style="list-style-type: none"> 1. EBUS-guided methods - Igor Vasilev (Saint-Petersburg Research Institute of TB and Thoracic Surgery, Russia) 2. Airway valves in cavitary TB - Lorenzo Corbetta (Italy) 3. Minimally invasive thoracic surgery - Piotr Yablonskii (St. Petersburg Institute of Phtisiopulmonology, Russia)
18:00	OPENING CEREMONY AND COCKTAIL

THURSDAY MAY 9TH	
9:00 – 10:30	SESSIONS
	Session A: Congress hall Elafiti 3 - 4
	<p>A Pneumothorax - Current insights and trends in management Chairs: Philippe Astoule (France), Najib Rahman (United Kingdom)</p>
	<ol style="list-style-type: none"> 1. New insights in epidemiology of spontaneous pneumothorax: is second different from first? - Najib Rahman (Churchill Hospital, United Kingdom) 2. Thoracoscopy and talc pleurodesis as first line treatment - Julius P. Janssen (Canisius Wilhelmina Ziekenhuis, Netherlands) 3. Management of iatrogenic pneumothorax - Grigoris Stratakos (National and Kapodistrian University of Athens, Greece)
	Session B: Congress hall Elafiti 2
	<p>B WABIP-EABIP symposium: Therapeutic bronchoscopy Chairs: Sevda Sener Comert (WABIP Regent Turkey), Elena Tudor (WABIP Regent Moldova)</p>
	<ol style="list-style-type: none"> 1. A guide to select best option for the treatment of severe hemoptysis – Zsolt Papai (Past Chair WABIP)

2. Is laser superior than electrocautery for bronchial malignant desobstruction – Husain Syed (WABIP Regent British Bronchology Group)
3. EBUS in the identification of new molecular markers in lung cancer – Luc Thiberville (WABIP Regent French Language Group)
4. Treatment of tracheal fistula: the role of bronchoscopy – Prudencio Diaz Agero (WABIP Regent AEER Spain)
5. Current practice of airway stenting in the adult population in Europe: challenges for the future – Milena Encheva (WABIP Regent Bulgaria)

10:30 – 11:00

COFFEE BREAK & Poster session 1.1

Poster sessions: Business center exhibition area

Chairs: to be announced

Posters: 1458, 1473, 1490, 1494, 1496, 1497, 1510, 1516, 1521

11:00 – 12:30

SESSIONS

Session A: congress hall Elafiti 3 - 4

A Deeper into the lung with bronchoscope

Chairs: Heinrich Becker (Germany), J.M. Vergnon (France)

1. Is thinner better? - Aleš Rozman (University Clinic Golnik, Slovenia)
2. Navigational techniques – Jean Michele Vergnon (Universite Jean Monnet, France)
3. Virtual bronchoscopy - NAVIGATE study - Javier Flandes Aldeyturriaga (Hospital Universitario Fundacion Jimenez Diaz, Spain)

Session B: Congress hall Elafiti 2

B From phenotyping to management of malignant pleural effusion Chairs: Najib Rahman (United Kingdom), Tudor Toma (United Kingdom)

1. Phenotyping of malignant pleural effusion and trapped lung - Philippe Astoul (Hopitaux de Marseille, France)
2. Current treatment of malignant pleural effusion in Europe: statement of the ERS task force - Anna Bibby (Bristol Medical School, United Kingdom)
3. Talc pleurodesis or indwelling pleural catheters - Mohammed Munavwar (Royal Preston Hospital, United Kingdom)

Session C: Congress hall Elafiti 1

C Oral presentations

Chairs: Johannes Daniels (Netherlands), Bojan Zarić (Serbia)

1. EBUS-TBNA and EUS-B-FNA in diagnosis of intrapulmonary lesions - 1st. Author: Tashi Eritjan
2. Role of EUS-b in lung cancer diagnosis and staging - 1st. Author: De Santis Michele
3. R-EBUS for the diagnosis of peripheral lung nodules: 9 years experience and learning curve - 1st. Author: Perrot Loïc

4. Long term follow-up of nonspecific cytologic results obtained by Endobronchial Ultrasound-guided Transbronchial Needle Aspiration - 1st. Author: Jacob Maria
5. Efficacy of EBUS-TBNA for Re-biopsy in Treatment Failed Lung Cancer - 1st. Author: Gil Hyun-II
6. Probability model for malignancy in hilar and mediastinal lymph nodes in lung cancer based on PET-CT and EBUS - 1st. Author: Bordas-Martinez Jaume

12:30 – 14:00	LUNCH & Poster sessions 1.2
	Lunch: Main restaurant Poster sessions: Business center exhibition area

Chairs: to be announced

Posters: 1451, 1457, 1461, 1462, 1482, 1500, 1501, 1508, 1517, 1528, 1532, 1534, 1540, 1551, 1557, 1559, 1562, 1566, 1513, 1558, 1574

12:30 – 14:00	Hands on workshops - FUJI
	Congress hall: Bokar IMPORTANT! Advanced registration obligatory

14:00 – 15:30	SESSIONS
	Session A: Congress hall Elafiti 3 – 4

A Solitary pulmonary nodule - Armamentarium for therapeutic challenges

Chairs: Semra Bilaceroglu (Turkey), Christophe Doods (Belgium)

1. Radiofrequency and microwave ablation - Ali I. Musani (National Jewish Health, USA)
2. Stereotactic radiation therapy – Vieri Scotti (University of Florence, Italy)
3. Future of SPN treatment - Felix Herth (Universität Heidelberg, Germany)

	Session B: Congress hall Elafiti 2
--	------------------------------------

B Cost in interventional pulmonology- An issue around the world

Chairs: Mihovil Roglic (Croatia), Lorenzo Corbetta (Italy)

1. Do we need expensive equipment? - Bojan Zaric (Institute for Pulmonary Diseases of Vojvodina, Serbia)
2. What is the current trend in acquiring equipment?- Spasoje Popevic (University Center of Serbia, Serbia)
3. Quality, safety and value based competition - Aleš Rozman (University Clinic Golnik, Slovenia)

15:30 – 16:00	COFFEE BREAK & Poster session 1.3
	Poster sessions: Business center exhibition area

Chairs: to be announced

Posters: 1455, 1475, 1518, 1466, 1472, 1488, 1489, 1505, 1509

16:00 – 17:30	SESSIONS
Session A: Congress hall Elafiti 3 – 4	
A Airway stenting - The long journey from the past to the future	
Chairs: Herve Dutau (France), Atul C. Mehta (USA)	
<ol style="list-style-type: none"> 1. Airway stenting from onset to today - Herve Dutau (Hopitaux de Marseille, France) 2. Future: active stents are coming - Antoni Rosell (Hospital Universitari Germans Trias I Pujol, Spain) 3. 3D and biodegradable stents -Lutz Freitag (St. Anna Hospital, Switzerland) 4. Revival of metallic stents – Atul C. Mehta (Cleveland Clinic, USA) 	
Session B: Congress hall Elafiti 2	
B Challenging Cases in Interventional Bronchoscopy	
Chairs: Stefano Gasparini (Italy), Johannes M. Daniels (Netherlands)	
<ol style="list-style-type: none"> 1. Bronchoscopic management of fistulas - Giovanni Galluccio (Azienda Ospedaliera San Camillo Forlanini, Italy) 2. Endobronchial treatment of carcinoids - Mihovil Roglic (University Hospital Center Zagreb, Croatia) 3. Bronchoscopic therapy for endobronchial metastases – Johannes M. Daniels (Amsterdam University Medical Center, Netherlands) 	
Session C: Congress hall Elafiti 1	
C Oral presentations	
Chairs: Igor Vasilev (Russia), Javier Flandes Aldeyturriaga (Spain)	
<ol style="list-style-type: none"> 1. High-flow nasal cannula oxygen VS noninvasive ventilation in flexible bronchoscopy - 1st. Author: Boonsarngsuk Viboon 2. Effect of midazolam premedication on patient-controlled sedation with propofol during fiberoptic bronchoscopy - 1st. Author: Nam Sunwoo 3. High-Frequency Jet Ventilation (HFJV) via the working channel of flexible bronchoscope - 1st. Author: Abedini Atefeh 4. Augmented cbCT based 3D navigation of small pulmonary nodules - 1st. Author: Verhoeven Roel L. J. 5. Virtual bronchoscopy navigation predictors for successful radial-EBUS peripheral lesion biopsy. - 1st. Author: Emmanouil Philip 6. Clinical utility of natural killer cell activity in the diagnosis of NSCLC - 1st. Author: inn kwangho 	
17:40 – 18:40	Industry symposium Philips

FRIDAY MAY 10 TH	
9:00 – 10:30	SESSIONS
	Session A: Congress hall Elafiti 3 – 4
	<p>A Interventional Pulmonology Grand Round</p> <p>Chairs: Mohammed Munavvar (United Kingdom), Lutz Freitag (Germany)</p> <ol style="list-style-type: none"> 1. to be announced 2. to be announced 3. to be announced
	Session B: Congress hall Elafiti 2
	<p>B Optimizing multidisciplinary management of benign tracheal stenosis</p> <p>Chairs: Ali I. Musani (USA), Semra Bilaceroglu (Turkey)</p> <ol style="list-style-type: none"> 1. ENT specialist's approach – Tomislav Baudoin (University Hospital Center "Sisters of Mercy", Croatia) 2. Bronchoscopist's approach - Herve Dutau (Hopitaux de Marseille, France) 3. Thoracic surgeon's approach: current and future perspectives - Emmanuel Martinod (Hopitaux de Paris, France) 4. A common algorithm is a must - Grigoris Stratakos (National and Kapodistrian University of Athens, Greece)
10:30 – 11:00	COFFEE BREAK & Poster presentation 2.1
	Poster sessions: Business center exhibition area
	<p>Chairs: to be announced</p> <p>Posters: 1514, 1529, 1530, 1553, 1563, 1567, 1578, 1583, 1537, 1561</p>
11:00 – 12:30	SESSIONS
	Session A: Congress hall Elafiti 3 – 4
	<p>A Lung volume reduction board</p> <p>Chairs: Ralf Eberhardt (Germany), Mihovil Roglić (Croatia)</p> <ol style="list-style-type: none"> 1. Case presentation: 3 cases - Ralf Eberhardt (Universität Heidelberg, Germany) 2. Voting for treatment 3. The battles <ol style="list-style-type: none"> a. Valves for all! – Ralf Eberhardt (Universität Heidelberg, Germany) b. Coil and steam are better!! – Daniela Gompelmann (Universität Heidelberg, Germany) c. LVRS is the best!! – Mir Alireza Hoda (Medical University of Vienna, Austria) d. Vienna, Austria) 4. Interdisciplinary discussion (all) 5. Voting for treatment (final)

Session B: Congress hall Elafiti 2

B How to fight bugs in pleural effusion

Chairs: Nick A. Maskell (United Kingdom), Julius P. Janssen (Netherlands)

1. Chest tube, water or antibiotics - Philippe Astoul (Hopitaux de Marseille, France)
2. TPA & DNase - Najib Rahman (Churchill Hospital, United Kingdom)
3. Thoracoscopy, VATS or surgery - Emmanuel Martinod (Hopitaux de Paris, France)

12:30 – 14:00

LUNCH & Poster session 2.2

Lunch: Main restaurant

Poster sessions: Business center exhibition area

Chairs: to be announced

Posters: 1452, 1453, 1469, 1480, 1502, 1503, 1506, 1522, 1526, 1565, 1575, 1577, 1584, 1460, 1483, 1486, 1511, 1569, 1579, 1582

12:30 – 14:00

Hands on workshops – ERBE

Congress hall: Bokar

IMPORTANT! Advanced registration obligatory

14:00 – 15:30

SESSIONS

Session A: Congress hall Elafiti 3 – 4

A Interstitial lung diseases board

Chairs: Venerino Poletti (Italy), Lina Zuccatosta (Italy)

1. Cryobiopsy in diagnostics of ILD - Venerino Poletti (ASL Romagna, Italy)
2. Is cryo good enough? - Izidor Kern (University Clinic Golnik, Slovenia)
3. Complications of cryobiopsy and standardization of the procedure – Lina Zuccatosta (Ospedali riuniti di Ancona, Italy)

Session B: Congress hall Elafiti 2

B A potpourri of pleural deeds

Chairs: Nick A. Maskell (United Kingdom), Tudor Toma (United Kingdom)

1. Rare diseases of pleura - Aleš Rozman (University Clinic Golnik, Slovenia)
2. Persistent benign pleural effusion – Role of IPC - Nick A. Maskell (University of Bristol, United Kingdom)
3. Thoracic ultrasound in pleural disorders - Tudor Toma (University Hospital Lewisham & Greenwich, United Kingdom)
4. Complications of pleural procedures - Stavros Anevlavis (University General Hospital Alexandroupoli, Greece)

Session C: Congress hall Elafiti 1

C Oral presentations

Chairs: Igor Vasilev (Russia), Javier Flandes Aldeyturriaga (Spain)

1. Newly developed silicone airway stent ("GINA stent"): Mechanical characteristics and evaluation in a pig model of tracheal stenosis - 1st. Author: Chae Ganghee
2. An innovative solution to avoid bronchial stent migration - 1st. Author: Costagli Alessandra
3. Simple versus Complex Benign Tracheal Stenosis – Bronchoscopic Management - 1st. Author: Mendes Maria Aurora
4. Postpneumectomy bronchopleural fistula treated by a J-shape self-expandable metallic stent - 1st. Author: Filaire Laura
5. Paracancerous lung abscesses treatment by stenting draining bronchi - 1st. Author: Gruslys Vygantas
6. Self-expanding metallic Y-stent compared to silicone Y-stent for malignant lesions of the carina. - 1st. Author: LACHKAR Samy
7. Bronchoscopic cryotherapy for the recurrence after tracheal resection and reconstruction in post-intubation tracheal stenosis - 1st. Author: PORFYRIDIS ILIAS

15:30 – 16:00

COFFEE BREAK & Poster session 2.3

Poster sessions: Business center exhibition area

Chairs: to be announced

Posters: 1524, 1527, 1531, 1541, 1542, 1543, 1552, 1564

16:00 – 17:30

SESSIONS

Session A: Congress hall Elafiti 3 – 4

A Malignant central airway obstruction - A multidisciplinary team approach

Chairs: - Atul C. Mehta (USA), Ralf Eberhardt (Germany)

1. Role of therapeutic bronchoscopy - Herve Dutau (Hopitaux de Marseille, France)
2. To stent or not to stent? That is the question - Antoni Rosell (Hospital Universitari Germans Trias i Pujol, Spain)
3. Surgical approach - Mir Alireza Hoda (Medical University of Vienna, Austria)
4. Role of external radiotherapy and brachytherapy – Vieri Scotti (University of Florence, Italy)

Session B: Congress hall Elafiti 2

B Education & training in interventional pulmonology - Round Table

Chairs: Stefano Gasparini (Italy), Ali I. Musani (USA)

1. What is interventional bronchoscopy? - Stefano Gasparini (Azienda Ospidaliere-Universitaria „Ospedali Riuniti“, Italy)
2. Interventional Bronchoscopy training in the last 4 decades - Heinrich Becker (Germany)
3. EBUS training program in Europe - (Academisch Medisch Centrum Univeriteit van Amsterdam, Netherlands)

- Standardization, assessment and certification of training - Lorenzo Corbetta (University of Florence, Italy)

17:30 – 18:00 Industry symposium – PENTAX

20:00 GALA DINNER

SATURDAY MAY 11TH

9:00 – 10:30 SESSIONS

Session A: Congress hall Elafiti 3 – 4

A Interventional bronchoscopy in obstructive airway diseases

Chairs: Felix Herth (Germany), Peter I. Bonta (Netherlands)

- Targeted bronchoscopic denervation - Felix Herth (Germany)
- Liquid nitrogen - David P. Breen (Galway University Hospitals, Ireland)
- Bronchial thermoplasty - Peter I. Bonta (Academisch Medisch Centrum Univeriteit van Amsterdam, Netherlands)

Session B: Congress hall Elafiti 2

B Endoscopic ultrasound- From procedures to specimen handling

Chairs: Grigoris Stratakos (Greece), Rocco Trisolini (Italy)

- Radial EBUS-guided methods – Daniela Gompelmann (Universität Heidelberg, Germany)
- Linear EBUS-guided transbronchial needle aspiration - Erik H.F.M. Van der Heijden (Radboud University, Netherlands)
- EUS-B-guided fine needle aspiration - Semra Bilaceroglu (Saglik Bilimleri Universitesi, Turkey)
- Optimal management of EBUS/EUS specimens - Rocco Trisolini (Policlinico S.Orsola-Malpighi, Italy)

10:30 – 11:00 COFFEE BREAK

11:00 – 12:30 SESSIONS

Session A: Congress hall Elafiti 3 – 4

A Rare or less recognized airway diseases

Chairs: Nikos Koufos (Greece), Antoni Rosell (Spain)

- Tracheobronchomalacia and EDAC - Semra Bilaceroglu (Saglik Bilimleri Universitesi, Turkey)
- Idiopathic tracheal stenosis - Giovanni Galluccio (Azienda Ospedaliera San Camillo Forlanini, Italy)
- Tracheal compromise in collagen vascular and other diseases – Nikos Koufos (National and Kapodistrian University of Athens, Greece)
- Tracheobronchopathia osteochondroplastica – Stefano Gasparini (Azienda Ospedaliero-Universitaria „Ospedali Riuniti“, Italy)

Session B: Congress hall Elafiti 2

B Safety issues in interventional pulmonology

Chairs: Prashant Chhajed (India), Zsolt Papay (Hungary)

-
1. EBUS-guided methods - Mohammed Munavvar (Royal Preston Hospital, United Kingdom)
 2. Therapeutic bronchoscopy - Herve Dutau (Hopitaux de Marseille, France)
 3. Thoracoscopy - Julius P. Jansen (Canisius Wilhelmina Ziekenhuis, Netherlands)
-

Session C: Congress hall Elafiti 1

C Oral presentation

Chairs: Stavros Anevlavis (Greece), Ales Rozman (Slovenia)

-
1. Diagnostic reliability of image-guided needle biopsies and medical thoracoscopy - 1st. Author: Metintas Selma
 2. Differences between confocal laser endomicroscopy images in patients with pulmonary tuberculosis and sarcoidosis. - 1st. Author: Mamenko Igor
 3. 3-year follow-up after endoscopic valve therapy in patients with severe emphysema - 1st. Author: Gompelmann Daniela
 4. Evaluation of exudative pleural effusions: a multicenter study - 1st. Author: Ak Guntulu
 5. Pleural Disease Related Hospitalizations and Outcomes: Nationwide Trends in the US (2004-2014) - 1st. Author: MUMMADI SRINIVAS
 6. Use of bronchoscopy in diagnosis and management of Tracheobronchial tuberculosis - 1st. Author: SANTOSHAM RAJAN
-

12:30**Closing ceremony**
