Thoracic
Society

FINAL PROGRAM

WEDNESDAY MAY 8TH

12:00 – 20:00

Registration

14:00 – 15:30

SESSIONS

Session A: Congress hall Elafiti 3 - 4

A Personalized diagnostics for advanced treatment of lung cancer

Chairs: Christophe Doods (Belgium), Luigi de Petris (Sweden)

1. Markers and therapeutic options - Christophe Doods (University Hospital Leuven, Belgium)
2. Immunotherapy - Luigi de Petris (Karolinska Institutet, Sweden)
3. Liquid biopsy or rebiopsy - Izidor Kern (University Clinic Golnik, Slovenia)

15:30 – 16:00

COFFEE BREAK

16:00 – 17:30

SESSIONS

Session A: Congress hall Elafiti 3 - 4

A Changing face of lung cancer - How to manage?

Chairs: Ales Rozman (Slovenia), Grigoris Stratakos (Greece)

1. Lung cancer in smokers and nonsmokers - Different treatment? – Bojan Zaric (Institute for Pulmonary Diseases of Vojvodina, Serbia)
2. Screening trials - Do we have the last word yet? – Philippos Emmanouil (Mediterraneo Hospital, Greece)
3. What after screening? – Nikos Koufos (National and Kapodistrian University of Athens, Greece)

Session B: Congress hall Elafiti 2

B Interventional bronchoscopy and surgery in thoracic tuberculosis

Chairs: Lorenzo Corbetta (Italy), Spasoje Popevic (Serbia)

1. EBUS-guided methods - Igor Vasilev (Saint-Petersburg Research Institute of TB and Thoracic Surgery, Russia)
2. Airway valves in cavitary TB - Lorenzo Corbetta (University of Florence, Italy)
3. Minimally invasive thoracic surgery - Piotr Yablonskii (St. Petersburg Institute of Phtisiopulmonology, Russia)

18:00

OPENING CEREMONY AND COCKTAIL

THURSDAY MAY 9 TH	
8:00 – 18:00	Registration
9:00 – 10:30	SESSIONS
	Session A: Congress hall Elafiti 3 – 4
	A Pneumothorax - Current insights and trends in management Chairs: Philippe Astoule (France), Najib Rahman (United Kingdom)
	<ol style="list-style-type: none"> 1. New insights in epidemiology of spontaneous pneumothorax: is second different from first? - Najib Rahman (Churchill Hospital, United Kingdom) 2. Thoracoscopy and talc pleurodesis as first line treatment - Julius P. Janssen (Canisius Wilhelmina Ziekenhuis, Netherlands) 3. Management of iatrogenic pneumothorax - Grigoris Stratakos (National and Kapodistrian University of Athens, Greece)
	Session B: Congress hall Elafiti 2
	B WABIP-EABIP symposium: Therapeutic bronchoscopy Chairs: Sevda Sener Comert (WABIP Regent Turkey), Silva Quadrelli
	<ol style="list-style-type: none"> 1. EBUS in the identification of new molecular markers in lung cancer - Luc Thiberville (20 minutes and Q&A) 2. Treatment of tracheal fistula: the role of bronchoscopy – Prudencio Diaz Agero (20 minutes and Q&A) 3. Combination of hot and cold techniques in the treatment of central airway stenosis – Ales Rozman (20 minutes and Q&A)
10:30 – 11:00	COFFEE BREAK & Poster session 1.1
	Poster sessions: Business center exhibition area
	Chairs: Anna Bibby (United Kingdom), Philippos Emmanouil (Greece) Posters: 1458, 1473, 1490, 1494, 1496, 1497, 1510, 1516, 1521
11:00 – 12:30	SESSIONS
	Session A: congress hall Elafiti 3 – 4
	A Deeper into the lung with bronchoscope Chairs: Heinrich Becker (Germany), Jean Michele Vergnon (France)
	<ol style="list-style-type: none"> 1. Is thinner better? - Ales Rozman (University Clinic Golnik, Slovenia) 2. Navigational techniques – Jean Michele Vergnon (Universite Jean Monnet, France) 3. Virtual bronchoscopy - NAVIGATE study - Javier Flandes Aldeyturriaga (Hospital Universitario Fundacion Jimenez Diaz, Spain)
	Session B: Congress hall Elafiti 2
	B From phenotyping to management of malignant pleural effusion

Chairs: Najib Rahman (United Kingdom), Tudor Toma (United Kingdom)

1. Phenotyping of malignant pleural effusion and trapped lung - Philippe Astoul (Hopitaux de Marseille, France)
2. Current treatment of malignant pleural effusion in Europe: statement of the ERS task force - Anna Bibby (Bristol Medical School, United Kingdom)
3. Talc pleurodesis or indwelling pleural catheters - Mohammed Munavvar (Royal Preston Hospital, United Kingdom)

Session C: Congress hall Elafiti 1

C Oral presentations

Chairs: Johannes M. Daniels (Netherlands), Bojan Zaric (Serbia)

1. EBUS-TBNA and EUS-B-FNA in diagnosis of intrapulmonary lesions - 1st. Author: E. Tashi
2. Role of EUS-b in lung cancer diagnosis and staging - 1st. Author: P. Matos
3. R-EBUS for the diagnosis of peripheral lung nodules: 9 years experience and learning curve - 1st. Author: L. Perrot
4. Long term follow-up of nonspecific cytologic results obtained by Endobronchial Ultrasound-guided Transbronchial Needle Aspiration - 1st. Author: M. Jacob
5. Efficacy of EBUS-TBNA for Re-biopsy in Treatment Failed Lung Cancer - 1st. Author: H. Gil
6. Probability model for malignancy in hilar and mediastinal lymph nodes in lung cancer based on PET-CT and EBUS - 1st. Author: A. Rosell

12:30 – 14:00

LUNCH & Poster sessions 1.2

Lunch: Main restaurant

Poster sessions: Business center exhibition area

Chairs: Daniela Gompelmann (Germany), Antoni Rosell (Spain)

Posters: 1451, 1457, 1461, 1462, 1482, 1500, 1501, 1508, 1517, 1532, 1534, 1540, 1551, 1557, 1559, 1562, 1558, 1574

12:30 – 13:30

Endobronchial Ultrasound Workshop - FUJI

Chairs: Lorenzo Corbetta (Italy), Mihovil Roglic (Croatia)

Congress hall: Bokar

IMPORTANT! Advanced registration obligatory

14:00 – 15:30

SESSIONS

Session A: Congress hall Elafiti 3 – 4

A Solitary pulmonary nodule - Armamentarium for therapeutic challenges

Chairs: Semra Bilaceroglu (Turkey), Christophe Doods (Belgium)

1. Radiofrequency and microwave ablation - Ali I. Musani (National Jewish Health, USA)
2. Stereotactic radiation therapy – Vieri Scotti (University of Florence, Italy)
3. Future of SPN treatment – Ralf Eberhardt (Universität Heidelberg, Germany)

Session B: Congress hall Elafiti 2

B Cost in interventional pulmonology - An issue around the world

Chairs: Mihovil Roglic (Croatia), Lorenzo Corbetta (Italy)

1. Do we need expensive equipment? - Bojan Zaric (Institute for Pulmonary Diseases of Vojvodina, Serbia)
2. What is the current trend in acquiring equipment?- Spasoje Popevic (University Center of Serbia, Serbia)
3. Quality, safety and value based competition - Ales Rozman (University Clinic Golnik, Slovenia)

Session C: Congress Hall Elafiti 1**C Rational use of medications in bronchoscopy**

Chairs: Mohammed Munavvar (United Kingdom), Levent Dalar (Turkey)

1. Blood thinners in bronchoscopy - Atul C. Mehta (Cleveland Clinic, USA)
2. Sedation in bronchoscopy - Levent Dalar (Istanbul Bilim University, Turkey)
3. Medication for high risk-patients – Lina Zuccatosta (Ospedali riuniti di Ancona, Italy)

15:30 – 16:00

COFFEE BREAK & Poster session 1.3

Poster sessions: Business center exhibition area

Chairs: Igor Vasilev (Russia), Semra Bilaceroglu (Turkey)

Posters: 1455, 1475, 1518, 1466, 1472, 1488, 1489, 1505, 1509

16:00 – 17:30

SESSIONS

Session A: Congress hall Elafiti 3 – 4**A Airway stenting - The long journey from the past to the future**

Chairs: Herve Dutau (France), Atul C. Mehta (USA)

1. Airway stenting from onset to today - Herve Dutau (Hopitaux de Marseille, France)
2. Future: active stents are coming - Antoni Rosell (Hospital Universitari Germans Trias I Pujol, Spain)
3. 3D and biodegradable stents - Lutz Freitag (St. Anna Hospital, Switzerland)
4. Revival of metallic stents – Atul C. Mehta (Cleveland Clinic, USA)

Session B: Congress hall Elafiti 2**B Challenging Cases in Interventional Bronchoscopy**

Chairs: Stefano Gasparini (Italy), Johannes M. Daniels (Netherlands)

1. Bronchoscopic management of fistulas - Giovanni Galluccio (Azienda Ospedaliera San Camillo Forlanini, Italy)
2. Endobronchial treatment of carcinoids - Mihovil Roglic (University Hospital Center Zagreb, Croatia)
3. Bronchoscopic therapy for endobronchial metastases – Johannes M. Daniels (Amsterdam University Medical Center, Netherlands)

Session C: Congress hall Elafiti 1

C Oral presentations

Chairs: Igor Vasilev (Russia), Javier Flandes Aldeyturriaga (Spain)

1. High-flow nasal cannula oxygen VS noninvasive ventilation in flexible bronchoscopy - 1st. Author: V. Boonsarngsuk
2. Effect of midazolam premedication on patient-controlled sedation with propofol during fiberoptic bronchoscopy - 1st. Author: S. Nam
3. High-Frequency Jet Ventilation (HFJV) via the working channel of flexible bronchoscope - 1st. Author: A. Abedini
4. Augmented cbCT based 3D navigation of small pulmonary nodules - 1st. Author: L. J. Verhoeven Roel
5. Virtual bronchoscopy navigation predictors for successful radial-EBUS peripheral lesion biopsy - 1st. Author: P. Emmanouil
6. Clinical utility of natural killer cell activity in the diagnosis of NSCLC - 1st. Author: K. Inn

17:30 – 18:00

Learn from your colleagues how cone beam CT can help you increase your diagnostic yield
PHILIPS CLINICAL SYMPOSIUM

Chairs:

Erik van der Heijden, Director, Thoracic Oncology Program, Radboud Medical Center

Javier Flandes, Director, Interventional Pulmonology Unit, Fundacion Jimenez Diaz

FRIDAY MAY 10 TH	
8:00 – 18:00	Registration
9:00 – 10:30	SESSIONS
	Session A: Congress hall Elafiti 3 – 4
	A Interventional Pulmonology Grand Round
	Chairs: Mohammed Munavvar (United Kingdom), Lutz Freitag (Germany)
	<ol style="list-style-type: none"> 1. Recurrent pleural effusion – infection, inflammation, both or neither – Najib Rahman (Churchill Hospital, United Kingdom) 2. What went wrong? – Ralf Eberhardt (Universität Heidelberg, Germany) 3. An adolescent girl presenting with pneumonia and pneumomediastinum – Johannes M. Daniels (Amsterdam University Medical Center, Netherlands) 4. They did not know it was possible so they did it – Herve Dutau (Hopitaux de Marseille, France)
	Session B: Congress hall Elafiti 2
	B Optimizing multidisciplinary management of benign tracheal stenosis
	Chairs: Ali I. Musani (USA), Semra Bilaceroglu (Turkey)
	<ol style="list-style-type: none"> 1. ENT specialist's approach – Tomislav Baudoin (University Hospital Center "Sisters of Mercy", Croatia) 2. Bronchoscopist's approach - Herve Dutau (Hopitaux de Marseille, France) 3. Thoracic surgeon's approach: current and future perspectives - Emmanuel Martinod (Hopitaux de Paris, France) 4. A common algorithm is a must - Grigoris Stratakos (National and Kapodistrian University of Athens, Greece)
10:30 – 11:00	COFFEE BREAK & Poster presentation 2.1
	Poster sessions: Business center exhibition area
	Chairs: Bojan Zaric (Serbia), Levent Dalar (Turkey)
	Posters: 1514, 1529, 1530, 1553, 1563, 1583, 1537, 1561
11:00 – 12:30	SESSIONS
	Session A: Congress hall Elafiti 3 – 4
	A Lung volume reduction board
	Chairs: Ralf Eberhardt (Germany), Mihovil Roglic (Croatia)
	<ol style="list-style-type: none"> 1. Case presentation: 3 cases - Ralf Eberhardt (Universität Heidelberg, Germany) 2. Voting for treatment 3. The battles <ol style="list-style-type: none"> a. Valves for all! – Ralf Eberhardt (Universität Heidelberg, Germany) b. Coil and steam are better!! – Daniela Gompelmann (Universität Heidelberg, Germany) c. LVRS is the best!! – Mir Alireza Hoda (Medical University of Vienna, Austria) 4. Interdisciplinary discussion (all)

5. Voting for treatment (final)

Session B: Congress hall Elafiti 2**B How to fight bugs in pleural effusion**

Chairs: Nick A. Maskell (United Kingdom), Julius P. Janssen (Netherlands)

1. Chest tube, water or antibiotics - Philippe Astoul (Hopitaux de Marseille, France)
2. TPA & DNase - Najib Rahman (Churchill Hospital, United Kingdom)
3. Thoracoscopy, VATS or surgery - Emmanuel Martinod (Hopitaux de Paris, France)

12:30 – 14:00

LUNCH & Poster session 2.2

Lunch: Main restaurant

Poster sessions: Business center exhibition area

Chairs: Giovanni Galluccio (Italy), David P. Breen (Ireland)

Posters: 1452, 1453, 1469, 1480, 1502, 1503, 1506, 1513, 1522, 1526, 1565, 1575, 1584, 1460, 1483, 1486, 1511, 1569, 1579, 1582

12:30 – 13:30

Transbronchial cryobiopsy - Erbe Elektromedizin GmbH

Chair: Mihovil Roglic (Croatia)

Congress hall: Bokar

IMPORTANT! Advanced registration obligatory

14:00 – 15:30

SESSIONS**Session A: Congress hall Elafiti 3 – 4****A Interstitial lung diseases board**

Chairs: Venerino Poletti (Italy), Lina Zuccatosta (Italy)

1. Cryobiopsy in diagnostics of ILD - Venerino Poletti (ASL Romagna, Italy)
2. Is cryo good enough? - Izidor Kern (University Clinic Golnik, Slovenia)
3. Complications of cryobiopsy and standardization of the procedure – Lina Zuccatosta (Ospedali riuniti di Ancona, Italy)

Session B: Congress hall Elafiti 2**B A potpourri of pleural deeds**

Chairs: Nick A. Maskell (United Kingdom), Tudor Toma (United Kingdom)

1. Rare diseases of pleura - Ales Rozman (University Clinic Golnik, Slovenia)
2. Persistent benign pleural effusion – Role of IPC - Nick A. Maskell (University of Bristol, United Kingdom)
3. Thoracic ultrasound in pleural disorders - Tudor Toma (University Hospital Lewisham; Greenwich, United Kingdom)

- Complications of pleural procedures - Stavros Anevlavis (University General Hospital Alexandroupoli, Greece)

Session C: Congress hall Elafiti 1

C Oral presentations

Chairs: Igor Vasilev (Russia), Javier Flandes Aldeyturriaga (Spain)

- Newly developed silicone airway stent ("GINA stent"): Mechanical characteristics and evaluation in a pig model of tracheal stenosis - 1st. Author: G. Chae
- An innovative solution to avoid bronchial stent migration - 1st. Author: A. Costagli
- Simple versus Complex Benign Tracheal Stenosis – Bronchoscopic Management - 1st. Author: M. Aurora Mendes
- Postpneumonectomy bronchopleural fistula treated by a J-shape self-expandable metallic stent - 1st. Author: L. Filaire
- Paracancerous lung abscesses treatment by stenting draining bronchi - 1st. Author: V. Gruslys
- Self-expanding metallic Y-stent compared to silicone Y-stent for malignant lesions of the carina - 1st. Author: S. Lachkar
- Bronchoscopic cryotherapy for the recurrence after tracheal resection and reconstruction in post-intubation tracheal stenosis - 1st. Author: I. Porfyridis

15:30 – 16:00

COFFEE BREAK & Poster session 2.3

Poster sessions: Business center exhibition area

Chairs: Ales Rozman (Slovenia), Philippe Astoul (France)

Posters: 1524, 1527, 1531, 1541, 1542, 1543, 1552, 1564

16:00 – 17:30

SESSIONS

Session A: Congress hall Elafiti 3 – 4

A Malignant central airway obstruction - A multidisciplinary team approach

Chairs: Atul C. Mehta (USA), Ralf Eberhardt (Germany)

- Role of therapeutic bronchoscopy - Herve Dutau (Hopitaux de Marseille, France)
- To stent or not to stent? That is the question - Antoni Rosell (Hospital Universitari Germans Trias i Pujol, Spain)
- Surgical approach - Mir Alireza Hoda (Medical University of Vienna, Austria)
- Role of external radiotherapy and brachytherapy – Vieri Scotti (University of Florence, Italy)

Session B: Congress hall Elafiti 2

B Education & training in interventional pulmonology - Round Table

Chairs: Stefano Gasparini (Italy), Ali I. Musani (USA)

- What is interventional bronchoscopy? - Stefano Gasparini (Azienda Ospedaliero-Universitaria „Ospedali Riuniti“, Italy)
- Interventional Bronchoscopy training in the last 4 decades - Heinrich Becker (Germany)

3. EBUS training program in Europe – Peter I. Bonta (Academisch Medisch Centrum Univeriteit van Amsterdam, Netherlands)
4. Standardization, assessment and certification of training - Lorenzo Corbetta (University of Florence, Italy)

17:30 – 18:00

The relevance of advanced technologies to optimise combined bronchoscopy and EBUS
PENTAX MEDICAL SYMPOSIUM

1. Clinical applications of the i-scan technology during Bronchoscopy - M. Bezzi (Brescia, Italy)
 2. EBUS in benign diseases (sarcoidosis) - R. Trisolini (Bologna, Italy)
 3. EBUS and elastography in lung cancer - E. van der Heijden (Nijmegen, Netherlands)
-

20:00

GALA DINNER

SATURDAY MAY 11 TH	
8:00 – 16:00	Registration
9:00 – 10:30	SESSIONS
	Session A: Congress hall Elafiti 3 – 4
	A Interventional bronchoscopy in obstructive airway diseases
	Chairs: David P. Breen (Ireland), Peter I. Bonta (Netherlands)
	<ol style="list-style-type: none"> 1. Targeted bronchoscopic denervation - Daniela Gompelmann (Universität Heidelberg, Germany) 2. Liquid nitrogen - David P. Breen (Galway University Hospitals, Ireland) 3. Bronchial thermoplasty - Peter I. Bonta (Academisch Medisch Centrum Universiteit van Amsterdam, Netherlands)
	Session B: Congress hall Elafiti 2
	B Endoscopic ultrasound- From procedures to specimen handling
	Chairs: Grigoris Stratakos (Greece), Rocco Trisolini (Italy)
	<ol style="list-style-type: none"> 1. Radial EBUS-guided methods – Ales Rozman (University Clinic Golnik, Slovenia) 2. Linear EBUS-guided transbronchial needle aspiration - Erik H.F.M. Van der Heijden (Radboud University, Netherlands) 3. EUS-B-guided fine needle aspiration - Semra Bilaceroglu (Saglik Bilimleri Universitesi, Turkey) 4. Optimal management of EBUS/EUS specimens - Rocco Trisolini (Policlinico S.Orsola-Malpighi, Italy)
10:30 – 11:00	COFFEE BREAK
11:00 – 12:30	SESSIONS
	Session A: Congress hall Elafiti 3 – 4
	A Rare or less recognized airway diseases
	Chairs: Nikos Koufos (Greece), Antoni Rosell (Spain)
	<ol style="list-style-type: none"> 1. Tracheobronchomalacia and EDAC - Semra Bilaceroglu (Saglik Bilimleri Universitesi, Turkey) 2. Idiopathic tracheal stenosis - Giovanni Galluccio (Azienda Ospedaliera San Camillo Forlanini, Italy) 3. Tracheal compromise in collagen vascular and other diseases – Nikos Koufos (National and Kapodistrian University of Athens, Greece) 4. Tracheobronchopathia osteochondroplastica – Stefano Gasparini (Azienda Ospedaliero-Universitaria „Ospedali Riuniti“, Italy)
	Session B: Congress hall Elafiti 2
	B Safety issues in interventional pulmonology
	Chairs: Mohammed Munavvar (United Kingdom), Semra Bilaceroglu (Turkey)
	<ol style="list-style-type: none"> 1. EBUS-guided methods - Mohammed Munavvar (Royal Preston Hospital, United Kingdom)

2. Therapeutic bronchoscopy – Grigoris Stratakos (National and Kapodistrian University of Athens, Greece)
3. Thoracoscopy - Julius P. Jansen (Canisius Wilhelmina Ziekenhuis, Netherlands)

Session C: Congress hall Elafiti 1**C Oral presentation**

Chairs: Stavros Anevlavis (Greece), Bojan Zaric (Serbia)

1. Diagnostic reliability of image-guided needle biopsies and medical thoracoscopy - 1st. Author: S. Metintas
2. Differences between confocal laser endomicroscopy images in patients with pulmonary tuberculosis and sarcoidosis - 1st. Author: I. Mamenko
3. 3-year follow-up after endoscopic valve therapy in patients with severe emphysema - 1st. Author: D. Gompelmann
4. Evaluation of exudative pleural effusions: a multicenter study - 1st. Author: G. Ak
5. Pleural Disease Related Hospitalizations and Outcomes: Nationwide Trends in the US (2004-2014) - 1st. Author: S. Mummadi

12:30**Closing ceremony**
